Introduction

My mother, Dorothy Prince Griffin, often spoke of her Hatton ancestry, of which she was very proud. Now that I've researched it more, I can see why. For my children Debbie and Tom, here is another link to the DAR/SAR.

Descendants of Samuel David Hatton

Generation 1

1. **SAMUEL DAVID¹ HATTON SR.**¹ was born on 25 Oct 1749 in London, Buckinghamshire, England²⁻³. He died on 20 Aug 1839 in Pritchard, Wayne, West Virginia, USA². He married Rosanna Queen, daughter of John Queen Sr and Mary Butler, about 1768 in Loudoun Co., VA. She was born in 1757 in Loudoun, Virginia, USA². She died in 1803 in Hampshire, VA (Now WV).

Samuel Hatton was born in England in 1749, died in 1839 and was buried in what is now Wayne County, WV on the Big Sandy River about one mile south of the Prichard Post Office. He emigrated to America when he was sixteen years old, landing at Alexandria, VA, where he married Rosanna Queen. He enlisted in the Army on March 1, 1777 and left the Army September 6, 1780. He served under Capt. William Hoffner, Virginia State Regiment commanded by George Gibson. He was not present at the surrender of Cornwallace at Yorktown as many claim as he left the Army a year too soon. He was ninety years old when he died. Many claim he was 111 but this is not true as it has been carefully checked. He was awarded 100 acres of land for three years service in the Army which he selected on the Big Sandy River where he is buried.

He, together with seven of his sons reached the Big Sandy River between 1800 and 1810. Some claim 1790 but this is not true. Sons that came to the Valley about the time he came were: Samuel Jr., Philipp, Elijah, Jonah, William, David and Asa.

Samuel's children as listed are, to some extent traditional. Levi and Charles are little known. Court records tell us considerable about John and we believe he was a brother to Samuel (1st). He was older and they owned land side by side. We have never been able to find records of where or when Samuel (1st) and Rosanna Queen were married or when she died, anyway she never came to the Sandy Valley with them. (Virgil Hatton)

The author of the following is unknown but it has been quoted for sometime. It may not all be correct.

" Samuel Hatton was born at Stony Stafford in Buckinghamshire England. He moved sixty miles to London where his father owned thirteen acres of land which is now in the heart of London. His father owned a brewery on Hop Alley Street, London. He was apprenticed to a paper-hanger but ran away and came to America when he was seventeen years old. He fought in the Revolutionary War and drew a pension for his service in the War. While he was fighting at Yorktown, VA., twins were born to him, Jonah and David. Samuel had other brothers and sisters, one named Thomas. He first came to Loudon County, VA, and later to Hampshire County. He married in Loudon County Rose Ann (Rosina) Queen. "

According to "The Hatton Family of Whites Creek, Wayne County, WV", Samuel's oldest son,

Generation 1 (con't)

William Henry Hatten also served in the Revolution in the Continental Line. After the war Samuel and William Henry were employed by Washington on his estate along the Potomac. At the conclusion of the Revolution the Commonwealth of Virginia set aside large tracts of unclaimed lands as bounty for soldiers and sailors who had served during the war. Sometime between 1790 and 1800 one of these land bounty claims for two hundred acres located at or near, what became known as Whites Creek, Wayne County, WV was filed on by William Henry Hatten. Afterwards a claim for one hundred acres was filed on by Samuel Hatten. Samuel's claim was located on the Big Sandy River in what was early known as Round Bottom, now Prichard, Wayne County, WV. The land warrants for the above mentioned bounty claims are said to be no. 1604 and No. 3627 respectively, and are reportedly on file in the State Land Office, Frankfort, Ky. Thus among the many veterans of the Revolutionary War who were pioneer settlers in the wilderness that became Wayne County were the father Samuel Hatten and his son William Henry Hatten.

Dislike for George III Resulted in First Hatton Coming to Wayne
by Doris Miller (Herald-Dispatch Article) Dec 4, 1959

Among early settlers of the Sandy Valley was a Hatton family. Virgil Hatton, 136 Ninth Avenue, a descendant, has spent many years collecting information about his ancestry.

Apparently the first Hattons came into England with William the Conqueror in 1066 and enjoyed many titles and estates until the days of Oliver Cromwell. In particular, Sir Christopher Hatton was lord chancellor of England under Queen Elizabeth and history records that he was one of her favorites.

Hattons began coming to Virginia in early days, one William Hatton being one of those "transported to Virginia, imberqued in the David in 1635". However, the Sandy Valley Hattons are descendants of Samuel Hatton, who was born in England and emigrated to America at the age of 16.

Though some traditions have placed his birth at an earlier date, stories told in different branches of the family relate that King George III ascended the throne of England on Samuel's 11th birthday, October 25, 1760, which would place his birthdate in 1749, and his descendant has found documentary evidence supporting that date.

"At the time our ancestor's tombstone was placed, members of our family believed Samuel Hatton was 111 yrs. old at the time of his death, but this is not true," Virgil Hatton said in explaining the age of 111 listed on the stone. (buried in Smith Cemetery on Lige's Road at Prichard, Wayne County, WV)

The tradition says that little Samuel, apprenticed to a paperhanger, received a severe flogging from his master on his historic birthday for making a disparaging remark about the new monarch, and that he ran away- first to Ireland, then to Virginia when he was 16.

The young emigrant landed at Alexandria, Virginia, and found employment on George Washington's plantation. There he met and married Rosanna Queen, daughter of John Queen, perhaps as early as 1766. He (Samuel) served in the Revolutionary War, 1777-1781, under Captain William Hoffner. After the war, Mr. Hatton left Loudoun County for Hampshire County. Later, some time before 1804, he came on to the Big Sandy to claim 100 acres of land he had been awarded for his Revolutionary service. Apparently, his wife died before the family moved to this area. (Rosanna is buried in Hampshire Co. VA) Samuel Hatton died in 1839, aged 90, and was buried on his farm, one mile south of Prichard.

At least six sons and two daughters accompanied Samuel Hatton here. These were William, perhaps born as early as 1767, as he was a Virginia Cavalry dragoon by 1783 and married Susan Flick in Loudoun County; Samuel Hatton, Jr. born 1774, married Nancy Campbell of Kentucky;

Generation 1 (con't)

David, married Sallie Burgess of Big Sandy, KY, and Jonah married Margaret Wallace of Kentucky, twins (David & Jonah) born 1781; Philip Hatton, born 1785, married Jane Cartmill of Sandy River, VA; Elijah Hatton, born 1796, married Elizabeth McGinnis of Guyandott, VA, after serving in the War of 1812; Eliza married Joseph Effingham in Loudoun County in 1802, and Nancy (Polly) married William Colgin of Kentucky and later married William Hill. Tradition says other sons were Charles, Asa and Levi, but no clear record of these is known. A John Hatton, some have thought was another son, older than Samuel.

William and Susan lived near the mouth of Sandy on his land grant and were parents of 11 children, Wiley, the eldest, married Elizabeth Dixon in 1832. Solomon, another son, married Afy Fuller and was acting sheriff of Cabell County in 1863. David and Sallie reared a large family in Boyd County, KY, before moving to Montgomery County, MO, where they died. Their eldest son, Jonah Bur-----, married Sidney Cant--- at Louisa and they moved -----with the family. Descendants of this branch still live in MO.

Tradition says that Samuel, Jr. and Nancy were married on a sandbar in the Big Sandy River in 1804 by a minister named Darby Kelley. It may have been a "Bible marriage" as many were in those days, as no record has been found. (Itinerant preachers performed these weddings and wrote lines in a family Bible as record). He was a soldier in the War of 1812. They had nine children. One son, Allen, piloted the first steamboat to go above Louisa, the Joseph P. Hatton, which went to Pikeville in 1843. "Mothers rushed to the bank on hearing the steam escape, bringing their off-spring along to see the wonder of their lives. Chickens and geese ran for the barnyards in great fright and rushed for the hills to escape." is the description of that memorable day attributed to Allen Hatton.

Elijah and Elizabeth lived on Elijah's Creek or Lige's Creek, where 10 children were born to them. One of their sons, Strother Hatton, married Margaret Paul, also of Wayne County, and these in turn became great-grandparents of Homer Hatten of Huntington.

Another son, Samuel Kemper Hatton, married Frances Nichols Viers. Their son, Daniel Viers Hatton, married Donna Livingston Strother on Christmas Eve, 1883, and emigrated to Illinois soon afterward with his parents. Virgil Hatton, born to Daniel and Dona in Missouri in 1884, was brought back to West Virginia when the family returned in 1885.

Following the family pattern, Virgil was married to Daisy Bean in 1808, and went to North Dakota to homestead. As soon as he "proved up" on his homestead, Virgil entered the U. S. mail service, was transferred to Washington, D. C. then back to Prichard in 1915, and to Huntington in 1920. He was superintendent of the Guyandotte Branch Post Office when he retires in 1948. Now here follows one of those quirks often found in family histories. Philip (son of the original Samuel) and Jane lived on Gragston Creek, where he sold land for the Ruffner Brothers Heirs, buying many hundreds of acres himself. Of their eight children, the three daughters married Shannons, but though Eliza first married a Gilkerson. The eldest son, Cartmell, married Margaret Wellman at Ironton, in 1835. The youngest son, Philip, Jr. married Rheuamma Riggs, later he married Mary Flowers. Philip and Rheuamma's daughter, Kyda, married William (Tuck) Bean and they were parents of Daisy Bean who married Virgil Hatton. Through a long line, the husband and wife go back to a common ancestor in the old Revolutionary soldier, Samuel Hatton.

Virgil and Daisy Hatton have four children, Josephine, wife of Fred Bartram; Katherine, wife of Richard McCoy; Dr. Don V. Hatton of Williamson, and Roy Hatton of Huntington, also a postal employee.

Mr. Hatton believes that all Hattons, Hattens, and Haytons in this area are descendants of Samuel Hatton, as these are variant spellings he has found in the family. The original Norman French ending of "on" is he believes the correct family name, and history agrees.

Notes for Elijah Hatton:

Elijah Hatton was one of the ten sons of Samuel Hatton (1st). He was born in Loudon Co., VA in 1796 and died in what is now Wayne County, WV, on the Big Sandy River in 1871. He is buried in a grave yard on Elijah's Creek which was named for him. The Graveyard is about one mile from Prichard, WV. He had a twin brother, David.

Elijah was drafted into the army near the close of the War of 1812 and served as Private in Captain John Dickson's Company, 4th Regiment (Boyd's) Virginia Militia. Service commenced May 4, 1814 and ended June 28, 1814. He was transferred to Captain Moses Cogleton's Company (from Brook County, VA) 4th Regiment (Lieut. Col. Houston and Lieut. Col. Wooding) Virginia State Militia. Service commenced June 29, 1814 and ended August 29, 1814. After his death, his wife received a pension until her death. (see pension rolls for war of 1812)

He owned considerable land on Elijah's Creek. Of his many children he left most or all of his land to two sons and one daughter. The sons Strother and Samuel received about 300 acres each and daughter Minerva received about 40 acres. There was considerable hard feelings among the children and many of them and the children's children never spoke for years.

He never entered into any enterprising business, only farming and trapping. Schools in his day were scarce and he never learned to read or write. (from Virgil Hatton)

Elijah Creek was called Hatton's Creek prior to 1850. The Shiloh Church was built in 1880 on land donated from Samuel Hatton, located at the fork of the Elijah Creek. Elizabeth and Elijah were members of this church. (from Ellen Lacey)

Generation 4 (con't)

WEST VIRGINIA (3-YEARS)

Thirteenth Infantry.-Col., William R. Brown; Lieut.-Cols., James R. Hall, Milton Stewart; Majs., William P. Rucker, Albert F. McCown, Lemuel Harpold.

Eight companies of this regiment were organized at Point Pleasant, Oct. 10, 1862, and were mustered in for three years. Just a month later Cos. A, B, D and G were ordered to Winfield, Va., where they remained until Jan. 28, 1863, when they were sent to Coalsmouth, W. Va. In March, 1863, four companies-A, B, D and H-were attacked by Gen. Jenkins at Hurricane Bridge.

A demand for surrender was refused and after a fight of 5 hours Jenkins withdrew his force of 1,000 men, leaving a number of dead and wounded on the field. The regiment remained in the Kanawha valley until the Morgan raid in July, when it was ordered to Gallipolis, Ohio, thence to Pomeroy.

It fought some of Morgan's men at Buffington island, and then continued the pursuit until Morgan surrendered. In the latter part of 1864 Co. K was organized and joined the regiment, and soon after Co. I, which completed the organization. The 13th was with Gen. Hunter in his movement on Lynchburg, took part in the Shenandoah Valley campaign in 1864; fought valiantly at Winchester, Fisher's hill and Cedar creek, where Lieut.-Col. Hall was killed while leading the regiment into action. The regiment was mustered out June 22, 1865. During its term of service it marched 1,437 miles and traveled by rail and steamboat 538 miles.

Notes for Ellen (Ella) Ray:

Ellen died shortly after Dorothy (my mother) was born. She is interred at Mount Vernon Cemetery, Wayne County, WV.

Following is Faye Prince Ward's remembrances of her childhood as told to her daughter Janet Faye Ward Duevel -

For some reason mother (Faye) never talked much about her childhood. I have thought and thought, but this is all I've been able to come up with.

Mother said she remembered her mother, Ellen Ray Prince, dying, because she saw the blood drip through the mattress onto the floor. I think she was about 6 years old at the time.

At some point (I don't know what age), mother and Marie went up to stay with Emma Thompson. I think it was the happiest time of her whole childhood.

Marie visited with us for a while when my oldest daughter was a few weeks old. She said that mother was the smartest of the four children, always got great grades. (Mother never mentioned it.) Marie also said that George told his children that they were not to associate with the tenant farmer's children; and one day, he passed on his horse as a group, including mother and Marie, walked home from school. Marie said that he was waiting for them when they got home with a switch in his hand, and he gave them a good "hiding".

Mother and Marie said that Mary couldn't have children of her own, and as her mother died when Dorothy was born, Mary went to George and told him that she would raise Dorothy, and George agreed.

I do know that George remarried, but I'm not sure just when. My thinking is that it was after the children were much older. He died of pneumonia when I was a few months old (1935).

THE DRAW SHEET - Published Monthly for the Personnel of Mease Hospital and Clinic
October 25, 1968
In special ceremonies this afternoon in the cafeteria it was announced by Donald M. Schroder, administrator, that Dorothy Griffin of the medical records department had been named this month's achievement award recipient.

Mrs. Griffin has been employed at Mease Hospital since May 1957. All of this time, however, has not been spent in the medical records department. Mrs. Griffin served as a nurses aide and ward clerk before joining the medical records staff.

A resident of Clearwater, Mrs. Griffin spends a great deal of her time caring for her elder mother

Generation 6 (con't)

who lives with her, this "caring attitude" is typical of her, employees say.

"She is even tempered, kind to everyone and has a patient and kind approach to everyone she deals with," one employee said of the award recipient.

Mrs. Griffin loves music and her Wednesday evenings are always spent at her church practicing with the choir. She is the church pianist. Mrs. Griffin also has a son who is endowed with a talent for music. Currently he is a music teacher in the Chicago area.

"She is apparently very faithful to her church work because she is always looking forward to the Wednesday night practices," a fellow worker said.

"She is always more concerned with finishing a job than she is with going to lunch or coffee," said another employee. Everyone who knows her admits this. She simply enjoys people and she likes to do things for them that make life a little more pleasant.

"Mrs. Griffin has the knack for knowing when others need help," remarked a friend. "When employees are hospitalized, she sees that they get cards of cheer."

Comments often made about Mrs. Griffin include: "kind and helpful to everyone; always thinks of others; her help is frequently instrumental in solving departmental problems; 'one in a million' when job comparison is taken into consideration; friendly attitude shows up more and more in dealings with other departments; sincerity and dedication to job are outstanding characteristics; sets a good example for other employees to follow."

"Mrs. Griffin is an employee who truly exemplifies what the achievement awards program is all about," Schroder said in making the presentation. Medical records and all of Mease Hospital are better

places to work because of people like Mrs. Griffin.

It is noteworthy that in discussions about Mrs. Griffin, fellow employees admit it is hard to get information about her. "She simply doesn't dwell on herself," it was said of her, "it seems that her thoughts and actions are always dealing with someone else or some deed that she can do for others."

Thus, it is easily understood why Mrs. Griffin was chosen by the Committee of 21 to be this month's "model employee". She is the type of employee others like to work with and she can always be depended on to pull more than her share of the work load.

She now joins Marge Kenimer, Edith Fullerton RN, Helen Doss and Milbrey James as proud owners of an engraved silver bowl. Her name has also been placed on the permanent achievement award plaque in the Hospital.

Dorothy's mother died when she was about a month old and she was taken by her Uncle Ross Prince and Aunt Mary Irby Prince to be taken care of.

Dorothy is buried in Hillcrest Cemetery, Wayne Co., WV.

Notes for Fred Verl Griffin:

Barbara and I (Ted Griffin) were at Uncle Floyd's around 1970. This is the transcription of a tape recording I made of Dad telling about his first girlfriend Pearl:

Dad - Carl Markle and I were good friends. We ran around a lot together. He had an automobile and plenty of money. I introduced him to Pearl one time and then I went back up to Chester to work and I dreamed one night that she had a date with him. I dreamed what night it was, where they went, and even what the show was. It sounds ironic to you but it's the truth. I came down in a couple of weeks to see her and accused her of it. I was only using psychology. She bitterly denied it at first, and I just kept on. I said, "now Pearl, there's no use for you to lie to me. I know it happened." Finally she admitted it that she had gone to the show with him, on that particular night and it was the show that I had dreamed it was. So I broke the engagement and asked her for the ring back.

Ted - Did you ever think that because you were accusing her so vehemently she just said OK, I did it?

Dad - No, because I talked to Carl. I didn't get mad about it.

Ted - Well, you should have.

Dad - Well, maybe I should have. But I didn't, and Carl and I had talked about it later, and he apologized and he said "Fred, I wouldn't do it any more". But I had already asked for the ring back and, that was before I'd seen Carl. In a short while she married him. I was going to get around to asking her today how long it was. I knew that she married him soon after.

Generation 6 (con't)

Ted - You never really mentioned any of this today (when we visited her)? You just beat around the bush about it?

Dad - Well, the only way it was mentioned was when I mentioned that song that we used to sing, the "Broken Engagement". She said, "I never heard of it" and snickered, which indicated to me that she did understand.

A story Dad (Fred) told me (Ted Griffin) -

Greely and Amana Hurst lived in the little house down at the road where you turn in to go up to our place (in Mole Hill), that Arthur Fleming lived in, I believe, when you were a kid. They had a little girl and they bought her one of those little automobiles you peddle. I thought that was the greatest thing in this world. I'm telling you, I can look back on that now and, I can remember how I felt about that little car. We didn't even have a real car of our own to ride in. Greely did, and of course we all looked up to him as he was a school teacher and he had money to buy whatever he needed to buy, and none of the rest of us neighbor on the run had anything like that. Well of course he could buy her all kinds of toys. Anything she wanted, she got. Carl and I didn't have that pleasure. Gee, we would go down there and play with her toys and that little car was just it. I was just a little too large for it, but I'd force myself in. I'm telling you, I had a world of enjoyment out of that thing. And of course she didn't care too much for it, her being little girl, she wasn't too crazy about it. But me, I sure was. She had a tricycle I remember, and oh how I used to love to ride those toys and play with them. I don't know if you've heard me tell this before or not but I think I'll interject it right here. It was the only time in my life that I ever remember stealing anything. They had candy sitting around in dishes all the time, that she could eat candy whenever she wanted it. They were gone from home one day and Carl and I went down apast, and I don't know why we looked in the window, but in the dining room, there set a big dish of candy in the china cupboard. We could see it as we looked in through the window. So we tried to get in without damaging anything, but we had to cut a hole in the screen or something, to unfasten the window. I don't remember now why we cut the screen. But anyway, we knocked a hole in the screen and climbed in through the window and got ourselves some candy, and climbed out, and closed the window. Well, of course, Greely and Amana mentioned it to mother, and she of course took us to task about it, and we first denied it, but we couldn't hold out so we finally admitted it. So she took us down and gee, I'll never forget that talking to that we got. Greely wasn't mad. He was just a nice person. Everyone liked him. He was the type that was a happy-go-lucky sort of person. As I remember him, always cheerful, jolly and friendly with everyone. Of course being a school teacher in the area we all looked up to him, and he was a very good looking man. I remember that. He set us down and started talking to us and I remember he said to us "Do you know that I could call the police? I could turn you over to the authorities." And then he went on to describe what the penalty would be for breaking into a house and how that we could be locked up, put in jail. Well that scared the very life out of Carl and me. I'm telling you, I have thought about that an awful lot of times. But I never was guilty of ever doing that ever after, of going into anyone's house, believe me!

A lot of the things that I went through and suffered and I mean suffered really, when I got up to where I had to go to work, and I wasn't very old when this happened, and I don't imagine that you'll believe some of the things that I can tell you that happened at the age that I was when I went to work and did many times a man's job. If kids today had to do what I done and of course this is typical for I've heard it all my life. My Grandad Daniel, I've heard him tell about "well if kids today did what I had to do when I was a boy, they couldn't take it". This, I guess I'm dating myself when I talk like this, but it's very true, the kids today just don't do it, in fact the men don't do it. The men now work 7-7 ½ and not over 8 hours a day and that's it. They're to work at 8 in the morning and get off at 4 or 4:30 in the afternoon and that's it. Now, it didn't work that way back on the farm. We never worked less than 10 hours a day and many days we worked 12 hours. I used to take the team of horses and go away from home and work for other people. I would get up at 6:00 in the morning, go to the barn and feed and water the horses and harness and get them ready and come back to the house, eat breakfast and be out in the field working at 7 in the morning. I'd take the team into the barn and feed and water them again and go eat my dinner and go right back and we had to be in the field at 1:00.

I don't ever remember seeing Isaiah Griffin. I remember when I was just a little lad, hearing Grandad Daniel and my Dad Lindsey talk about Isaiah but I never did see him. Grandma's name,

Generation 6 (con't)

as I remember was Virginia. She was always called "Ginny". I know Grandad Daniel lots of times when he'd get to joshing her about something, he would call her "Ginny", so I'm sure that's where the nickname arrived. When he was in a good humor and teasing her, and he did once in a while, he would use it.

I went to school with Hadsell, Ruth and Lucille Rowe and I never knew, I guess, what the connection was with the Rowe's and the Doaks but I do know this, the first funeral that I attended was Ike Rowe, and he was married to Ida. It sticks in my memory because it was a horse-drawn hearse and it was black and it had curtains on the side and I thought, "Isn't that a beautiful thing". Now the same kind of a horse-drawn vehicle carried my mother's Mother (Susannah Mercer Cline) and I believe that mom was still carrying me some. Ike Rowe lived about a mile on up the road from where we lived and he had a grist mill that he ground corn meal for people. Dad would load up a bag of corn, throw it across a horse and put me on top of it. I'd take this grain up to him to grind and I'd stand around there while he ground the meal. Then he'd load it on my horse and put me on it and I'd start back down the road again. Then when he died, Hadsell then, Marcellus' boy, ran the grist mill.

The little house on our farm (in Mole Hill) where Grandad Daniel lived, I guess now we had sold that house to Arthur Flemings when you were a kid. We didn't own it. You see, Dad Lindsey at one time bought one acre of ground off of Greeley Hearst when he owned that property, to build that house for G'dad Daniel & G'ma. They got to the place that they had to be near someone to look after them, to get the groceries and kind of care for them just like my dad and mother needed when Floyd took them to Parkersburg. So Dad bought this acre of ground and built this little house for G'dad and G'ma. They lived there, I don't remember how many years. Then Everon, the youngest son (Dad Lindsey's brother), he came there and lived with them for quite a period of time. You asked me where G'dad and G'ma Griffin came from, on up the road, well, about $\frac{3}{4}$ a mile, maybe $\frac{1}{2}$, they lived on Pearl Beard's farm. And I believe that's where my Dad Lindsey was born. If he wasn't born there, that's the first recollection that I can remember him telling about his growing up. How he used to go out dating girls or be out at night at least, and come in way late in the night and how his Father Daniel always made him get up and build the fire in the fireplace before they would get out of bed. My dad, I've heard him tell that many times and he sort of resented that. In fact I think he resented it a great deal, because of then they slept downstairs in the bedroom just off of the living room, since you don't know the house, but it was similar to our farm home in that respect, in the room locations, and he would have to get up from upstairs and come down the cold stairs and build a fire in the fireplace and get it all warm in there before his dad and mother got up. I think that was unkind too, of them. No matter what he had been doing, or what time he got in, boy, he said he always had to do that. He never did make any of us boys do that. He always got up of a morning and built the fire in the fireplace and when we got up there was always a big roaring fire and he was gone to the barn to feed the horses and cows. Well, that's where G'dad Daniel and G'ma lived for years. When they left there, they went to Central Station. That's where I first remember my G'dad Daniel and G'ma. That was the first place... (isn't it funny how things will come back to your mind)... that I was ever introduced to peanut butter. Oh I'm telling you, that peanut butter was so good I can taste it now. G'ma "Ginny" always kept boarders (at Central Station) and she kept a rooming house. She was one of the greatest cooks in the nation. When we'd go up there, there would always be several of us at the table and of course she had enough of money to buy what she needed for the table and she always had everything that you could think of to eat. This one Sunday she had peanut butter on the table and I'm telling you, I eat peanut butter until it ran out my ears. I got ashamed of myself and I would slip in and get in that jar and I'd eat it by the spoonfuls. I didn't want to put it on bread. I got sick that afternoon, Lord I got sick. I threw up things that I never eat I'm sure. I never liked peanut butter again for years.

After they lived in the little house there that dad built, my memory becomes a little bit of a blank. They moved away from there, oh Everon I guess bought property at Greenwood, and they moved there. Seems to me that Dad Lindsey and his brother Everon had a falling out. Gee, I just can't remember that. And do you know, I can't remember Grandad Daniel & Ginny's funeral. That would have been years later and I was quite a grown chap. That's odd. I never thought of that until right now. I know they were buried at Mole Hill. They died years after my G'ma Susan Cline and I remember that, because the horse drawn hearse sticks in my memory so vividly. I also remember that Dad Lindsey had a surrey and it had the fringe on top. It was two-seated and that's

Generation 6 (con't)

what we went to the funeral in. He had side curtains that he could let down to protect you if it was cold weather, and it was cold! There was snow on the ground. Mom (Maude) and I was wrapped up in a blanket, and mom was crying. I couldn't understand the whole bit. I was certainly taken with that ambulance.

Robert Dotson was my school teacher for several different years. I remember him so well! He was a very good teacher. He used to ride horseback to school, tie the horse out by a tree and take the saddle off. Every day at noon a lot of us boys would go with him and help him feed the horse. He would let us take turns riding the horse to water. I'd get to ride it one day and somebody else would get to ride it the next day. Gee, this was a big treat for us, even though I was born and raised on the farm and could ride the horses at home, it never was the same as riding somebody else's horse. We rode horses a lot on the farm without the saddle, but he had a nice one and this was a big thrill to me. I remember one time, there was a boy in school by the name of Chandace Hickman. Mr. Dotson told him to do something and Chandace says, "I'm not gonna do it". Mr. Dotson says, "well you will do it", so he came back and got ahold of Chandace and Chandace started wrestling with him and they upset my desk, and liked to scared the daylights out of me. Until you went to one of those old fashioned country schools, you have never lived. All the classes, geography, history, reading, spelling and arithmetic, the whole bit was all taught in the same room to all grades up through and including the 8th. I don't know why students were as large and as old as what they were when they finished the 8th grade back then, but it seems to me like some of them, when they finished the 8th grade, was great big, almost grown men. I went to the 8th grade 3 years. I graduated the first year, got my diploma but I didn't have anything to do the 2nd year, and the 3rd year, so I just went back more or less because I didn't have anything else to do. There was no work. I don't think I went the full year the 3rd time but I now I did the 2nd year. I enjoyed going to school and I just went through the 8th grade three times. The teacher didn't object. (Fred Griffin - 1970)

A Mister Mason and his wife at one time ran a grocery store in Pennsboro. Mom (Maude) sold cream to them. We used to milk the cows and separate the cream and then we'd put it in 5-gallon cans and take it to town. Sometimes we'd have two 5-gallon cans. We'd take it in there and it'd be sent to a creamery somewhere and they made butter, cheese etc. Lucy Davis, who lived on up the run above us, her sister one day took in a 5-gallon can of cream to Mr. Mason and she says, "Mr. Mason, I've got to tell you something about this cream. A mouse fell in it and died, but I re-strained it so it's alright now". I've heard Mr. Mason tell that and laugh about her re-straining the cream to take the dead mouse out, and expecting him to go ahead and put the cream on the market for people to eat. Notes for Henry Ray:

"when the right textbook can't be bought, write it yourself," said Henry A. Ray last summer, and he did just that.

Ray is assistant superintendent and director of instruction of Wayne County Schools and he found last year that publications have been nil for the training for the basic education students who desire and need vocational training.

So Ray proceeded to write "Language Arts and Vocational Education," a 400-page book now being used in the building maintenance classes of Wayne County schools. The book has gained such wide recognition that the West Virginia Department of Vocational Education has asked for and been granted permission to print approximately 150 copies to be used in West Virginia counties where a need exists.
